

Nystagmus Case

Amr ElKamshoushy, MD

University of Alexandria

22 years old

OD: 20/20

OS: PL

Coming for cosmetic appearance

Null point in right gaze
LEFT FACE TURN AHP

Primary position Esotropia 35 PD

Coming to do surgery for her appearance...!

Esotropia? AHP? Nystagmus?

- 1) Operate on the AHP? What to do?
- 2) Operate for the ET? What to do?
- 3) Numbers?

Surgery for the AHP: OD

LR recession 10
+
MR resections 8.5

What will this do
to the esotropia?

Surgery for the Esotropia: OS

- Correct this ET
- AND
- Correct the ET that will be added by the surgery on the right eye

1 month post operative

2 months post operative

Thank You
